

GTZ

B U I L T T O D R I V E

The *GTZ* is a mid engine sports car designed to re-awaken the excitement and pleasure of driving.

As an individually constructed vehicle the *GTZ* is an affordable and rewarding project engineered for the road.

Overview:

Proven light weight mid engine design with British heritage

Cost effective and easy to build

Agile handling

Engineered for the road

Easy to obtain components from Australian delivered donor vehicle 1.6lt manual Getz (no exotic parts or expensive servicing required)

Plenty of scope for power upgrades with this drivetrain

Chassis designed to exceed 4000 Nm/deg torsional rigidity

High quality fibreglass components with choice of gel coat colour:

FEATURES

The *GTZ* is an exciting sports car kit manufactured on the Sunshine Coast, Australia.

The kit assembly includes:

- Locally engineered and manufactured space frame chassis incorporating seat belt anchors, suspension, steering, drivetrain, shifter, hand brake lever and fuel tank mounting brackets. Hoop with diagonal brace and pedal/master cylinder mounting
- Front suspension wishbones and steering arm upper joint assemblies, designed to give optimal geometry with improved steering response
- Rear suspension wishbones with toe adjusters and uprights designed to work with the same bearings and hubs as used on the front
- High tensile fasteners, spherical bearings, rose joints and bushes for both front and rear suspension
- Drive train support beams
- Front and rear body hinges
- Transmission shift cable support brackets and linkages to enable the use of standard donor shifter and cables
- Floor mounted clutch and brake pedal assembly including balance bar, bushes, pins, R clips and non-slip pads
- Accelerator pedal and non-slip pad designed to work with donor assembly
- Steering rack and column mounts
- Pre-drilled structural aluminium panel kit
- Aluminium trimming panel kit
- Tunnel aluminium coolant tubes (beaded)

- Fibreglass body components with gel coat finish
- Fibreglass dash panel (trimming optional)
- Electronic Build Guide

Options:

- Aluminium fuel tank including internal pump mounting hardware, wiring and fittings
- Light weight seats and headrests trimmed with marine grade vinyl upholstery
- Dash panel trimming with marine grade vinyl upholstery

Make	Suncoast Sports Cars
Model	GTZ
Seating Capacity	2
Configuration	Transverse drivetrain mid mounted RWD
Engine Type	In line petrol 4 cylinder twin cam
Engine Capacity	1.6 litre
Number of Valves	16
Transmission	5 speed transaxle
Suspension	
Front	Rocker upper arm, double wishbone
Rear	Double wishbone
Steering	Manual rack and pinion
Brakes	Dual circuit with balance bar
Front	Ventilated discs
Rear	Solid disc
Wheels	
Size (Standard)	15 x 6.5J ET40
Size (Optional)	15 x 7.0J ET40
Tyres	
Front	195 / 50 R15
Rear (Standard)	205 / 50 R15
Rear (Optional)	225 / 45 R15
Dimensions	
Overall length	3300 mm
Overall width	1590 mm
Overall height	1060 mm
Wheel base	2260 mm
Front track	1285 mm
Rear track	1360 mm
Kerb weight	550 kg
